

UNIONTOWN AREA HIGH SCHOOL

UNIONTOWN AREA SCHOOL DISTRICT

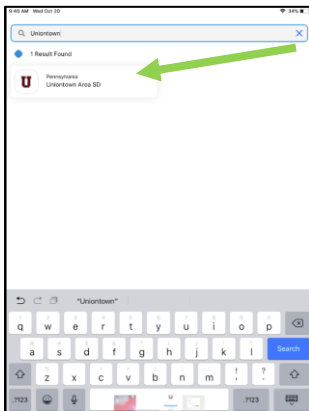

SmartFutures

SmartFutures is the new platform for the UAHS Senior Project. Time will be provided throughout the school year to complete activities that are required for freshmen, sophomores, and juniors. Seniors will be required to complete a resume to present during their project presentation. The Class of 2022 may also want to utilize SmartFutures to build an academic resume for postgraduate education.

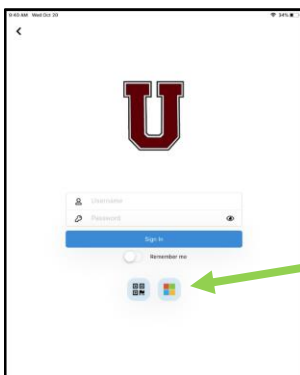

1. Select the ClassLink App on your iPad's home screen.

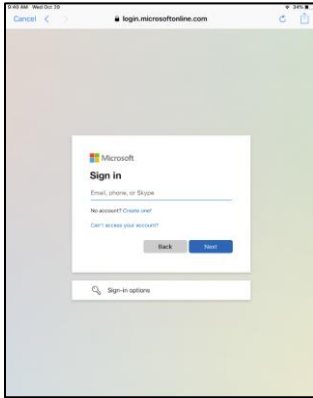

2. If you have never used ClassLink, you'll have to search for "Uniontown", then select Uniontown Area School District.

3. You will be taken to the Uniontown ClassLink login screen. Do not type anything in the Username and Password boxes instead, select the Windows icon.

4. Login using your Microsoft Username (first.name.last.name@uasdraiders.org) and Password (Student ID Number@uasdraiders.org)

5. You'll be logged into SmartFutures. You may personalize your Profile and complete the activities assigned to your grade level. Note: All 16 activities must be completed by April of your 11th grade year.
