Dear Parents/Guardians:

The Commonwealth of Pennsylvania requires all school districts to administer the Keystone Exams in Algebra 1, Biology, and Literature. Proficiency on these exams remains a main requirement in the pathways to graduation mandated by the PA Department of Education.

The Winter Wave testing dates for UAHS students are:

Keystone Algebra I Exams	January 4 & 5, 2022
Keystone Literature Exams	January 6 & 7, 2022
Keystone Biology Exams	January 10 & 11, 2022

Students scheduled to participate in this wave of exams will receive room assignments during homeroom. Additionally, please review these very important PDE policies linked on our website to fully understand the state-testing program:

- [Information for Parents/Guardians \(Q/A\)](#)
- [Code of Conduct for Test Takers](#)
- [Use of cell phones/electronic devices](#)
- [Pennsylvania Calculator Policy](#)

The Keystone Exams are designed to measure the Pennsylvania State Standards which are aligned with expectations for success in college and the workplace. The state assessments are used to measure student progress and achievement, determine the quality of the school program, and to assist school personnel in improving the curriculum in our schools.

The Keystone Exams are important to all of us. It takes a collaborative effort of school, staff, parents, and most importantly our students to achieve success. We thank you in advance for your assistance in reinforcing how important these exams are for your child as well as our school. Please do not hesitate to call the school with any questions.

Sincerely,

Mrs. Sefcheck and Mr. Manges
Principals
